

# SUSTAINABLE CONSERVATION

TRUST PRESENTS OUR LAUNCH EVENT:

# SPRAY AND SAVE FESTIVAL

We are thrilled to announce that our trust's official launch will take place in celebration of the ICOMOS **International Day for Monuments and Sites**.

With a theme of 'greater inclusion and recognition of diversity', talented local artists have donated their time to produce art, some of which will be auctioned afterwards for good causes.

We thank our supporters, **Hotwalls Studios** for hosting, and **Strong Island Media** for recording the event, which will be available for online viewing only, due to the ongoing covid-19 pandemic.
