

EVENT BRIEF
WEBINAR CHALLENGE FOR YOGYAKARTA AS A WORLD HERITAGE NOMINEE
FROM INDONESIA

1. **Title of the event :**

Webinar Challenge for Yogyakarta as A World Heritage Nominee From Indonesia

2. **Organizer :**

The Cosmological Axis of Yogyakarta Management Unit - Department of Culture Affairs of Special Region of Yogyakarta

3. **Short presentation of the event :**

Yogyakarta has been listed on UNESCO's tentative list since 2017 and ICOMOS' technical evaluation in 2022. Currently The Cosmological Axis of Yogyakarta and Its Historic Landmarks is on the waiting list for the UNESCO session. This process is a determining stage prior to the UNESCO annual meeting which will be held in September 2023. The results of the meeting will have an impact on the management of the Cosmological Axis Area as a World Cultural Heritage, which forms the basis of the Webinar's theme. The event was held to coincide with the Commemoration of World Heritage Day. The goals of this event are:

- To celebrate the World Heritage Day event which falls on Tuesday, April 18th, 2023;
- To introduce the proposal for The Cosmological Axis of Yogyakarta and Its Historic Landmarks as a world heritage to the public, as well as the processes and future challenges in the area management;
- To educate the public about the importance of maintaining the preservation of cultural heritage, which is the mandate of World Heritage Day.

The concept of this webinar is carried out through a zoom meeting and will be broadcasted live on *Dinas Kebudayaan DIY, Humas DIY* YouTube channel. The event is intended for the public. Zoom meeting participants will be joined by participants who register first with a limited quota, while YouTube live has no limited quota.

The Governor of DIY plans to give the Opening Remarks during the event.
