Heritage Management

**A Message to ICAHM Members and Friends
Regarding the Preservation of Sites and Antiquities in Egypt
During This Time of Change**

ICAHM requests that members and friends of ICAHM relay our support to fellow archaeologists and preservationists in Egypt. We congratulate our Egyptian colleagues and all of the people in that proud country for the steps they have taken to safeguard their irreplaceable cultural treasures. We look forward to communicating with them directly as possible, and hope that we can be of service to them in ways that they might suggest, now or in the future.

Correspondence to ICAHM regarding this can be emailed to:
executive@icahm.icomos.org
