In 1983, the General Conference of the United Nations Educational, Scientific, and Cultural Organization (UNESCO) designated April 18<sup>th</sup> as the International Day for Monuments and Sites following a proposal by ICOMOS, the International Council on Monuments and Sites. Each year, ICOMOS proposes a theme for the celebrations. For example, the industrial heritage (2006), natural landscapes and monuments (2007), religious heritage (2008), scientific heritage (2009), agricultural heritage (2010), the heritage of water (2011) and world heritage (2012). **Heritage Montreal is proud to have launched in 2009 the International Heritage Day activities in Montreal that allow for a celebration of the annual international heritage theme chosen by ICOMOS.**
