CONSERVATION AND TECHNOLOGIES

WHEN	18-19 th May 2018
WHERE	Savičius st. 15, Vilnius (Vilnius St. Virgin Mary church), Lithuania
PRICE FOR VISITORS	Free of charge

The main goal of the Fair *Heritas* is to bring together professionals, governmental, private, and public institutions and organisations, scholars, that work in the field of cultural heritage, and public representatives, who are interested in preservation of cultural heritage, in one place as well as to encourage their cooperation and more effective mutual communication.

A contact fair, lecture and workshop spaces will be open during *Heritas*. A chance to present the activities and results of different persons and organisations to be given to all participants and visitors of the Fair as well as recent research and technologies, used for preservation of cultural heritage, to be presented. Participants of the fair will present their activity to public lively and interactively, will raise public's awareness in the issues of preservation of cultural heritage and answer the questions of the owners and operators of cultural heritage objects.

The Fair *Heritas* is the first international event in Baltic states, relevant to cultural heritage conservation and technologies and dedicated not only to narrow range of cultural heritage specialists, but also to wider society. It is expected to encourage more effective communication between institutions, organisations and private specialists that work in the field of cultural heritage as well as to provide focused information about most common questions related to preservation and conservation of cultural heritage objects.
