

## PANORAMA NATURE-CULTURE THEMATIC COMMUNITY

# Online write-shop for ICOMOS members

3 and 13 December 2021

In October 2020 at the ICOMOS General Assembly Marker Event, ICCROM, IUCN and ICOMOS International have launched the Nature-Culture Thematic Community (<https://panorama.solutions/en/portal/nature-culture>) on the online platform PANORAMA – Solutions for a Healthy Planet.

The PANORAMA Nature-Culture Thematic Community focuses on sharing case studies where the interlinkages between nature conservation and the safeguarding of cultural heritage are crucial for the effective management and sustainable development of heritage places.

It presents place-based and people-centered approaches which highlight the relationship of natural and cultural diversity and provide a source of exchange between World Heritage properties, heritage places and practitioners.

With the goal of expanding the Nature-Culture Thematic Community, we are inviting heritage practitioners, site managers and researchers to share their solutions and successful approaches that have been implemented at heritage places all around the world.

This write-shop (writing - workshop) aim at providing all the information needed to draft and publish a “solution” on the PANORAMA platform. Through the sessions, participants will learn about the PANORAMA Partnership initiative, the “solution-ing” approach, and the joint ICCROM-ICOMOS-IUCN Nature-Culture Thematic Community.

The key objective of the write-shop is to support participants in the process of reflecting on their work so they can prepare solutions and contribute to promoting the work of ICOMOS and its global membership in the PANORAMA platform.

The goals of the write-shop are:

- Familiarise participants with the PANORAMA initiative and how everyone’s work can benefit from it.
- Learn about the “Solution-ing” approach and the structure of PANORAMA solutions
- Explore the PANORAMA website and learn about its functionalities (e.g. filter, thematic communities, how to publish a solution).
- Share your own knowledge and experience by identifying your own solutions.
- Sharing experiences and lessons learned while publishing a solution.

This PANORAMA Nature-Culture write-shop consists of two sessions and an optional consultation meeting:

- **SESSION 1** will focus on presenting the PANORAMA partnership, the platform and the Nature-Culture Thematic Community. This session will provide an understanding of the “Solution-ing” approach that is at the heart of PANORAMA solutions and will

provide all information concerning the solution format, including solutions' criteria and requirements.

- **SESSION 2** is an interactive and guided session where all participants will embark on the process of developing and publishing their own solutions online. This session looks at working in groups to exchange between participants about proposed solutions and how to formulate them.
- **CONSULTATION MEETING.** The third session is an optional meeting that can be held after participants have had the chance to learn more about the Nature-Culture Thematic Community and have begun the process of writing a solution. These are bilateral or small group meetings focused on supporting participants in detailing, structuring or finalizing their solution.

Participants could join only for session one and two and get to know the PANORAMA platform and publish a solution later when they are interested. Nevertheless, the Write-Shop is designed so that participants could publish solutions after completing the write-shop.

### Schedule of the write-shop

Find below the dates of the upcoming PANORAMA Nature-Culture write-shop. If you are not able to join one or both of the sessions but are interested in joining the write-shop and sharing your solution, please write to the write-shop organisers (see emails below).

<b>Session 1</b>	3 December 2021 14:00 – 16:00 CET, Paris time	<b>HOW TO JOIN</b> Introduction to PANORAMA, the Nature-Culture Thematic Community and the “Solution-ing” approach
<b>Session 2</b>	13 December 2021 14:00 – 16:00 CET, Paris time	<b>DEVELOP YOUR SOLUTION</b> Interactive and guided session to start drafting your solution.
<b>Session 3</b>	January 2022	<b>OPTIONAL CONSULTATION MEETING</b>

### How to participate

If you are interested in joining the Nature-Culture write-shop, please take a minute to fill in this sign up form for the write-shop at this [https://us06web.zoom.us/webinar/register/WN\\_nwh9HBeERf-X588O2Hu49w](https://us06web.zoom.us/webinar/register/WN_nwh9HBeERf-X588O2Hu49w), or send an email and any inquiry to Nicole Franceschini ([nfr@iccrom.org](mailto:nfr@iccrom.org)) by **30 November 2021**.

In your email you should specify the following information:

- Your name, last name and affiliation
- The name and country of the heritage place you would like to write your solution about
- Your connection to the proposed heritage place (e.g. site manager, member of Indigenous or local communities, heritage official, long-term advisor or consultant, etc.)
