

Report of the Credentials Committee

16th General Assembly of ICOMOS Quebec, Canada, 30 Sept – 5 October 2008

Presented to the 16th General Assembly, Quebec, 5 October 2008

The following members of the Credentials Committee were selected by the Executive Committee, approved by the Advisory Committee and appointed by the General Assembly on 30th September during its opening session:

Donald Hankey	(United Kingdom) -	Chair
Giora Solar	(Israel)	Treasurer General ex officio
Mario Molina	(Nicaragua)	
Nur Akin	(Turkey)	
Ratsamee Rattanachaiyanont	(Thailand)	
Thomas Adlercreutz	(Sweden)	

Mr Henri Verrier, accountant of ICOMOS International Secretariat attended the meetings of the Credentials Committee in an advisory capacity.

Tasks of the Committee:

1. Review all National Committee Voting Member Lists and proxies in accordance with the Rules of Procedure of the General Assembly (Article 15.2, 23.3, 27.2 a. and b.) and in accordance with the instruction sent by the ICOMOS Secretariat to all National Committee Presidents dated 16 June 2008. Meetings of the Committee were convened as follows:-
 - First meeting on 30 September at 1700 hours.
 - Second and final meeting on 1 October 2008 at 1730 hours.
2. Make final decisions on some National Committees that have not met the basic requirements and verify that the registered participants match with the National Committee voting lists. The International Secretariat had previously verified that the names on the voting lists are included in the membership records held at the ICOMOS International Secretariat.

Reference Documents

The Rules of Procedure of the General Assembly (Article 15.2, 23.3, 27.2 a. and b.), are as follows:-

- 15.2 *Any voting member may give his proxy to another voting member of his National Committee who must hand the Secretariat a signed and dated proxy form before the time fixed on the programme of the General Assembly for the meeting of the Credentials Committee. No member shall be entitled to have more than five votes in addition to his own (article 6b).*
- 23.3 *Verification of Credentials - This Committee shall examine and report to the General Assembly on the credentials of voting members and of all other persons admitted to, the General Assembly, in accordance with ICOMOS Statutes (Articles 6b and 13f) (*1) and in accordance with the following :*
- a. *In order to vote, National Committees must be up to date with membership fees.*
 - b. *Chairmen of National Committees must have submitted to the ICOMOS International Secretariat, and not less than one month before the General Assembly, a list of their voting members, signed by the National Committee Chairman.*
 - c. *Proxies given to voting members who are present at the General Assembly must have been sent not less than one month before the General Assembly to the ICOMOS Secretariat.*
- 27.2 *At least three months before the General Assembly, the International Secretariat must send a letter to the Chairmen of the National Committees reminding them:-*
- a. *of the deadline, not less than one month before the General Assembly, by which the National Committee Chairman is to send to the International Secretariat the Chairman's signed list of voting members of the national Committee.*
 - b. *of the need to pay all membership fees in order to avoid defaulting on the National Committee's voting rights at the General Assembly.*

Moreover, the Executive Committee at its meeting in Bergen, September 2004, resolved that in order to vote, all National Committees had to have sent in their voting lists one month prior to the General Assembly (as stipulated in Article 27.2 a. of the Rules of Procedure) and by the same deadline have paid all membership dues for the current year and all arrears.

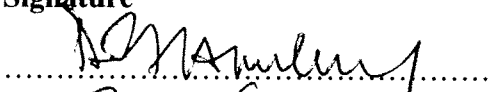

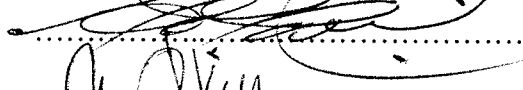

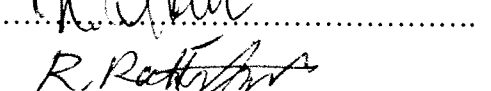

All these regulations and proxy form attachments were mentioned by the International Secretariat in circulars faxed and sent electronically and by mail to the National Committee Presidents at regular intervals prior to the General Assembly.

Recommendations of the Committee

The International Secretariat presented the members of the Committee with a status report on each country, those that had fully complied with the Rules of Procedure and a small number of countries that had not submitted voting lists or proxies or had not complied with the requirements for authenticity by signature, or were not up-to-date with their membership fees. The Committee much appreciates the work that the Secretariat has done in compiling these reports, which has greatly facilitated its task.

The members of the Credentials Committee noted that National Committees must pay greater attention to the instructions for voting and correctness of proxies. The Committee took the view that it was important to identify the National Committees which have not met their obligations, and to ensure that their proxies, registrations and payments, even if arriving late, were in order, and at the same time to ensure that the representatives of a National Committee present at the General Assembly were not disenfranchised through no fault of their own. Some members had visa or travel delays and the Committee decided that these extenuating circumstances should be taken into account where otherwise all was in order.

After inquiry, the Committee ascertained that certain National Committees, mentioned in the Appendix provided to the ICOMOS International Secretariat, had not fully satisfied the requirements of the Rules. Their situations were considered in detail and our comments are noted in Annex 1. On that basis the Committee has established the following list of eligible voters and number of votes, to the best of the Committee's knowledge based on the material available to it. We note that all countries have paid their fees and are up to date.

ANNEX 1

Detailed Recommendations

The Committee resolved to recommend as follows:-

China - As prior notice of late arrival was given for two members with the proxies at the General Assembly, and that proxies were submitted before the deadline on 1st October and verified by the Secretariat, the members may exercise their personal votes and proxy votes as scheduled in Annex 2.

Monaco – While the proxies are in order and one member is theoretically able to carry those proxies for Monaco, we did not know yet of his appearance at the conference. Voting with proxies will require his presence at the conference.

Russia - was late in delivering its proxy votes but they eventually were in order by the 1st October and their scheduled votes and proxies may be allowed as scheduled.

Tajikistan – has delivered its proxies but not a list of its voting members. It is not yet apparent if the one voting member is present at the conference. If present he may vote with the prepared voting card.

Since some countries had not obeyed the instructions clearly set out by the Secretariat well in advance of our General Assembly, it has taken some 7 man days to verify and cross relate country payments, members present, and their corresponding proxies. With improved diligence by our many National Committees, we are sure that better help can be given to reducing the administrative costs of verification.
